

December 2011

Sad death of Ibikunle Onasanya

It was with great sadness that ARC has learned of the death of Ibikunle Onasanya, a member of the World of Life Bible Church in Nigeria and an environmental scientist, in an accident a few months ago.

Those of you who met him at the Nairobi meeting in March will remember him as a gentle man of great sincerity and dignity, who, despite suffering from malaria, made every effort to contribute meaningfully to our meeting.

Ibikunle Onasanya was the representative of Pastor Ayo Oritesajfor, the President of the Christian Association of Nigeria, co-chair of Nigeria Inter-Religious Council & President of the Pentecostal Fellowship of Nigeria. He leaves behind a wife and children, and our thoughts and condolences are with them and with his many friends.

Christmas greetings from ARC

Our thoughts and prayers will be with Ibikunle Onasanya's wife and family this Christmas season.

ARC would like to wish you every blessing in 2012.

With all good wishes,

The team at ARC
